Weekly Distress Report of the Kolar District for the week ending Thursday, the 17th January 1924.

221.
D

D 55/23-24 19.1.24

-----:000:-----

General:- During the week, I made inspections in Kolar, Bowringpet and Mulbagal Taluks. Generally speaking conditions remain as in last week. The works recently sanctioned by Government have not yet been started but orders have issued that subject to the financial limit prescribed by Government works might be started as found necessary. The demand for temporary drinking water wells and the deepening of existing wells is increasing and the allotment of Rs.10,000 made by the Revenue Commissioner will soon be exhausted. I have applied for an additional grant.

The ryots refuse to take the cattle to the Malnad and except a very few who can afford the cost they plead inability to buy fodder from Bangalore. Amildars have therefore been reminded that they could get cut malnad grass and have them sold in the Taluks.

The Amildars report that the ryots find it difficult to grow fodder crops in Tank beds even with the aid of Kapiles. The bed has caked and it is very difficult to plough. The sinking of irrigation wells is being popularised.

Deputy Commissioner,
Kolar District.

P.T.O.

11. Bagepalli.	..	..	..	..
Total:-	6700	74	1846	61-0-0

The works that are going on now are Village Improvement works temporary drinking water wells, road works, Tank works and panchayet works and are well distributed. The wages paid in Gudibanda are 4 to 5 annas and 3 to annas 4 per man and woman respectively and in Kolar, Bowringpet and Chintamani they range from 3 to 4 annas and 2 to 3 annas per man and woman respectively. The other Amildars have not furnished the information and they have been instructed to furnish full particulars in future. The wages are sufficient. There were no immigrants for labour from outside the State. Accounts and registers for works &c., are maintained in the departments concerned.

5. Markets are well supplied. The prices of food grains remain stationary.

Ragi (old and fresh) 7 to 8 seers per rupee.
Rice 4 to 4½ " and 3⅔ to 5 seers in Chintamani.

In Goribidnur, the Co-operative Society has sold during the week 61 pallas and 75 seers of ragi to poor classes at 8 seers per rupee. There are no grain depots. There is no export of food grains beyond the State. Food grains area vailable near the works.

6. Cattle are taken to State Forests but not to Malnad State Forests owing to their prohibitive distance. There are no fodder depots. Cattle are healthy but they are losing condition. In some Taluks cattle are sold for what they fetch due to the difficulty experienced for feeding them. No epedimic diseases prevail.

7. Drinking water is available for the present. Temporary wells are freely given wherever necessity is felt. No village has been deserted on this score.

8. As regards loans disbursed Vide financial statement attached.

9. (a) There is no abnormal rise in crime.

(b) There is no emaciation or death by starvation. None have left the Taluks in quest of work.

(c) Private charity as before.

(d) The distress is deepening and is likely to last till the next Mungar rains. Government have very recently accorded sanction to start Tank maintenance and other works and only those that are immediately to be started will be taken up.

10. The extent and amount of gratuitous relief given to deserving persons during the week is as noted below:-

	Persons.	Amount.
Goribidnur.	37	26-7-4
Srinivaspur	7	Not furnished.
Chintamani.	1	0-7-6
Sidlaghatta.	4	Not furnished.
	49	26-14-10.

11. As already reported, sufficient relief has been given by way of loans to the weavers of two villages in the Malur Taluk. In other Taluks no need has yet been felt for such relief.

12. Public Health is generally good except for plague in seven villages of Sidlaghatta Taluk and in a village of the Gudibanda Sub Taluk and two cases of cholera in Tayaloor village of Mulbagal Taluk. Necessary precautionary measures have

been adopted to prevent the spread of the epedimics. Relapsing fever prevails in Hampasandra village in Gudibanda Sub Taluk and the Taluk Board has been doing the needful.

Bangalore 28th January 1924

Dear Sir,

Adverting to your letter No.415/D. dated the 25th January 1924 asking me to revise the forms of reports to be submitted by Sub Division Officers and Amildars in affected areas, I beg to state that Government have already directed the adoption of a simpler form of report for Sub Division Officers in their No.103/Dis. dated the 2nd January 1924 and this form is now being followed in supercession of that prescribed by me.

2. Before similarly revising the form of report of Amildars also, I beg to state that these elaborate forms were proposed by me with a view to ensure that no item about which a report would be useful might be left out and in order that local officers might fully realize their heavy responsibility. If simpler forms are prescribed, there is the danger that local officers might imagine that their responsibility has also decreased. Some of the

reports

reports received from Sub Division officers under the old and the revised forms lend colour to this apprehension. I request, therefore, to be informed, whether the double object of making the officers fully realize their responsibility and at the same time avoiding lengthy reports might not be served by their being told that the forms are not intended to be filled up every week; but have to be carefully studied in order that their full responsibility might be realized and that they need submit only such information every week, in addition to details of personal inspection, as required to be brought to the notice of Deputy Commissioners. If this view does not commend itself to -- Government, I shall direct the Amildars also to adopt the form of report that has already been prescribed by Government for Sub Division Officers.

3. The favour of an early reply is requested.

Yours Sincerely,

K Chandy

K.V. Anantharaman, Esq., B.A.,
Secretary to Government,
Revenue Department.
